Stand Longevity Results

What the plots looked like in early May 2013

3 irrigations in 2012

2 irrigations in 2012

1 irrigation in 2012

Stand Longevity Results

What the plots looked like in early April 2014

3 irrigations in 2012,
And in 2013

2 irrigations in 2012,
And in 2013

1 irrigation in 2012,
And in 2013

April 1, 2014 - The “Won’t Die” section of the field
1 irrigation during the past 2 summers,
(and another late last fall)

Late May 2013. Two hard freezes, dry wind, no irrigation

Same place later in 2013

Spring 2014
Brome grass
no irrigation 2013

Spring 2014
Brome grass
where the water leaked
in 2013

Spring 2014. Brome grass that was not irrigated in 2013
