

Colorado Water Congress  
State Affairs Committee Meeting  
Report prepared by the Southwestern Water Conservation District

**February 27, 2017 Water Legislation Report #8 (2017 Legislative Session)**

---

The State Affairs Committee met on Monday, February 27, 2017 to review proposed bills. No new legislation has been introduced since the last meeting. The next meeting of the State Affairs Committee is scheduled for Monday, March 6.

Representatives Catlin and Valdez, Senator Coram, and others spoke to the State Affairs Committee opposition to **SB 117** (Recognize Industrial Hemp Ag Product for Ag Water Right) and the rationale for the bill to address limits placed by the U.S. Bureau of Reclamation on the use of water from Federal projects. After some discussion, a subcommittee was formed to continue discussions of the issues behind the proposed bill, and Bruce Whitehead will co-chair with Representative Valdez from the San Luis Valley.

Legislation is to be introduced the week of March 6 allowing seaplanes to land on lakes and reservoirs in Colorado. The proponents are now proposing a “pilot program” for two lakes to be identified by the Wildlife Commission, and the bill could include a training component for pilots and self-regulation. Past attempts at similar legislation did not pass due to concerns about Aquatic Nuisance Species (ANS).

Discussions continue regarding **SB 40** (Public Access to Electronic Files), and recent amendments that have been introduced. The Secretary of State is supportive of the legislation, but the Water Congress has taken a position of opposition to the bill with concerns about impacts to small Districts and the possibility of data-mining for profit by outside interests.

Representative Arndt provided an update on **HB 1008** (Graywater Regulation Exemption for Scientific Research and reported that the Colorado Department of Public Health and Environment (CDPHE) has dropped the opposition to the bill and it will move forward as introduced. The legislation will be scheduled for possible action by the State Affairs Committee at the next meeting on March 6.

The format of each bill includes five columns and a following **Summary** cell. The 1<sup>st</sup>, 2<sup>nd</sup>, 4<sup>th</sup>, & 5<sup>th</sup> column each contain two information items as follows: 1<sup>st</sup> column has both the **Bill No.** and the **Short Title**. The 2<sup>nd</sup> column has both the **Sponsors** and the assigned **Committee**. The 3<sup>rd</sup> column contains only the **Concerning** statement, copied directly from the bill. The 4<sup>th</sup> column will show important **Amendments** and **Comments**. The 5<sup>th</sup> column shows both **When Introduced**, **CWC Action**, and **SWCD Position**. Once a bill no longer requires SA Comm action I will include it in a summary table, which will also show its progress. Until CWC takes action, the bill will remain in this format. I will however, **highlight in yellow** changes in any of the cells, compared to the prior report. Once, CWC has acted on a bill, I will move it to the **Status table**, where its' progress can be more easily monitored.

If you are aware of other entities or individuals that would like to receive these reports, please contact the Southwestern Water Conservation District office at 970-247-1302 with e-mail contact information.

Once introduced, copies of bills are available at [www.leg.state.co.us](http://www.leg.state.co.us).

<p><b>SJR 013</b></p> <p><b>Public Input and General Assembly Review Before Before New Nutrient Requirements</b></p>	<p><b>S Coram H N/A</b></p> <p><b>Ag, Natural Resources &amp; Energy</b></p>	<p>CONCERNING THE ENCOURAGEMENT OF STAKEHOLDER INPUT WITH SUBSEQUENT LEGISLATIVE REVIEW PRIOR TO THE IMPLEMENTATION OF ADDITIONAL NUTRIENT DISCHARGE CONTROLS.</p>		<p><b>02/14//17</b></p> <p><b>POSTPONE</b></p> <p><b>SWCD Position: DISCUSSION</b></p>
<p><b>SUMMARY:</b> Be It Resolved by the Senate of the Seventy-first General Assembly of the State of Colorado, the House of Representatives concurring herein: That we, the members of the General Assembly:</p> <p>(1) Encourage interested stakeholders, including the Division, members of the regulated community, drinking water providers, the agricultural community, the conservation community, and the general public, beginning as soon as possible and prior to the Commission's scheduled triennial review of Regulation #85 in October 2017, to participate through the established Water Quality Forum workgroup process to evaluate holistic regulatory alternatives and cooperative strategies to ensure that additional statewide nutrient reduction approaches:</p> <ul style="list-style-type: none"> <li>(a) Focus spending where it will have the most environmental benefit;</li> <li>(b) Take into consideration the technical and economic feasibility of treatment;</li> <li>(c) Are environmentally sustainable;</li> <li>(d) Do not unnecessarily burden small, rural, or disadvantaged communities;</li> <li>(e) Are consistent with the goals of Colorado's State Water Plan;</li> <li>(f) Include strategies for measuring nutrient reductions achieved over time; and</li> <li>(g) Reflect input from participating stakeholders; and</li> </ul> <p>(2) Encourage the Division and other participating stakeholders, prior to the Commission's October 2017 triennial review of Regulation #85, to present strategies identified during the Water Quality Forum workgroup process to a joint meeting of the Senate Agriculture, Natural Resources, and Energy Committee and the House Agriculture, Livestock, and Natural Resources Committee no later than February 28, 2017.</p> <p>Be It Further Resolved, that copies of this Joint Resolution be sent to Governor John Hickenlooper, each member of Colorado's congressional delegation, and Dr. Larry Wolk, the executive director of the department of public health and environment.</p>				

Bill No. Title	Sponsors Committee	Concerning	Amendments Comments	When Introduced CWC Action / SWCD Position
<b>HB 1008</b>  Graywater Regulations Exemption for Scientific Research	H Arndt S Sonnenberg  Ag, Livestock & Natural Resources	CONCERNING AN EXEMPTION FROM THE WATER QUALITY CONTROL COMMISSION'S GRAYWATER CONTROL REGULATIONS FOR GRAYWATER USED FOR THE PURPOSE OF SCIENTIFIC RESEARCH INVOLVING HUMAN SUBJECTS.	<i>Postponed at request of Sponsor until first meeting in March unless calendared for committee earlier.</i>	01/11/17  <b>POSTPONE</b>  SWCD Position: <b>DISCUSSION</b>
<p><b>SUMMARY: Water Resources Review Committee.</b> The water quality control commission in the department of public health and environment (commission) is responsible for developing requirements, prohibitions, and standards that protect public health and water quality for the use of graywater for nondrinking purposes. Scientific research on graywater that might involve graywater uses and systems that do not strictly comply with the requirements, prohibitions, and standards developed by the commission would not be permitted under the control regulations.</p> <p>To facilitate scientific research related to graywater uses and systems, the bill <b>creates an exemption</b> from the commission's graywater control regulations for scientific research involving human subjects whereby a person may collect and use graywater for purposes of scientific research involving human subjects if the person:</p> <ul style="list-style-type: none"> <li>• Seeks to conduct the scientific research on behalf of an institution of higher education;</li> <li>• Utilizes a graywater treatment works system that incorporates a secondary water supply to provide an alternative source of water if any portion of the system does not function properly; and</li> <li>• Collects and uses graywater in accordance with the terms and conditions of the decrees, contracts, and well permits applicable to the use of the source water rights or source water and any return flows.</li> </ul> <p>The person is required to report to the water resources review committee on an annual basis the results of periodic monitoring conducted to assess the continued functioning of the graywater treatment works system used in the project and the project's compliance with federal rules concerning the protection of human research subjects.</p>				
<b>HB 1033</b>  CWCB Grants Loans Dredge South Platte Basin Reservoirs	H J Becker S Sonnenberg  Ag, Livestock & Natural Resources	CONCERNING AN AUTHORIZATION FOR THE COLORADO WATER CONSERVATION BOARD TO FINANCE SOUTH PLATTE RIVER BASIN RESERVOIR DREDGING PROJECTS		01/11/17  <b>OPPOSE</b>  SWCD Position: <b>DISCUSSION</b>
<p><b>SUMMARY: Water Resources Review Committee.</b> The bill <b>appropriates \$5 million</b> from the Colorado water conservation board construction fund to the Colorado water conservation board to make loans and grants to enable the recipients to dredge existing reservoirs located in the South Platte river basin to restore the reservoirs' full decreed storage capacity.</p>				

Bill No. Title	Sponsors Committee	Concerning	Amendments Comments	When Introduced CWC Action / SWCD Position
<p><b>HB 1190</b></p> <p><b>Limited Applicability Of St. Jude's Co. Water Case</b></p>	<p><b>H Becker</b> <b>S N/A</b></p> <p><b>Ag, Livestock &amp; Natural Resources</b></p>	<p>CONCERNING THE LIMITED APPLICABILITY OF THE COLORADO SUPREME COURT'S DECISION IN ST.JUDE'S CO. V.ROARING FORK CLUB, LLC, 351 P.3d 442 (COLO. 2015).</p>	<p><i>Action tabled until 3/6 to discuss additional amendments to the bill.</i></p>	<p><b>02/17/17</b></p> <p><b>POSTPONE</b></p> <p><b>SWCD Position: DISCUSSION</b></p>
<p><b>SUMMARY:</b> In the case of St. Jude's Co. v. Roaring Fork Club, LLC, 351 P.3d 442 (Colo. 2015) (St. Jude's Co.), the Colorado supreme court held that direct diversions of water from a river to a private ditch for aesthetic, recreational, and piscatorial purposes on private property, without impoundment, are not beneficial uses of water under Colorado water law. The bill provides that the decision in the St. Jude's Co. case interpreting section 37-92-103 (4) <b>does not apply to previously decreed absolute and conditional water rights</b> or claims pending as of July 15, 2015. The interpretation of section 37-92-103 (4) in St. Jude's Co. applies only to direct flow appropriations, without storage, made after July 15, 2015, for water diverted from a surface stream to a private ditch on private property for aesthetic, recreational, and piscatorial purposes.</p>
